### PRINCIPALS REPORT – Nicole Benson

- **New Enrolment Policy**
  - BWPS has received a cap of 185 students, we have exceeded this cap as our current enrolment number is 348.
  - The cap was determined by the number of permanent classrooms available i.e. 8 x 23.1 (average number of students in a class).
  - This enrolment policy will be in place by 2021, therefore non-local applications will be encouraged to go to their local school. Non-Local applications will be reviewed and determined by the following criteria:
    - Disability
    - Medical Reasons
    - Siblings
    - Special Circumstances
  - A panel will meet twice a term to discuss and review non local-enrolments, this will consist of a executive (chairperson), teacher and a parent representative. Fatinah Zirein volunteered to be on the panel.
  - Following this process, appeals can made to the principal.
  - The new enrolment policy will greatly impact the school for future staffing and resource allocation and will also affect enrolments for year 6 student enrolments into high school.
- **School Camp**
  - Opened to students in stage 3 first on 9 September and will have 3 days to pay. Stage 2 will have the option to attend if places are available.

### General – All

- The P&C agreed to cancel the Father's Day Stall, however Donuts for Dads will take place on the morning of 30 August.
