

# Bankstown West Public School

Respect, Believe, Succeed

February 4th 2022

Dear Parents and Carers,

Congratulations on surviving the first week of school!

As Mrs Benson has previously highlighted, we have started 2022 with a layered approach to COVID-smart measures that have been developed in partnership with NSW Health to help minimise transmissions at school. Naturally, the health and wellbeing of our students and staff remain our priority, and these measures are designed to help to keep our school open and our students learning in the classroom.

Walking around the school this week it is evident that students and their teachers are glad to be back in classrooms and being together. To ensure continuity in your child/ren's learning we have put in some steps to assist you in the event your child needs to isolate.

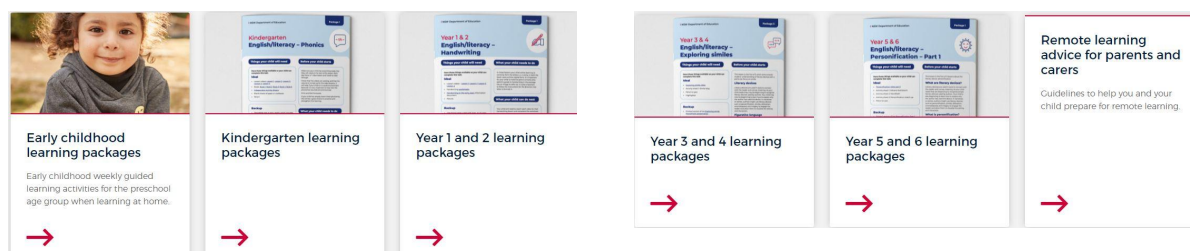

## **In the event that your child is required to isolate:**

**STEP 1:** If your child is unwell, please allow them time to rest. Please notify your child's teacher that your child is sick.

**STEP 2:** Please notify your child's class teacher that your child is required to isolate - ie: if they are a close contact of a household member.

**STEP 3:** If your child has to isolate because they are a close contact then please use the following link to access activities they can complete at home:

<https://education.nsw.gov.au/teaching-and-learning/learning-from-home/learning-at-home/learning-packages>

**STEP 4:** After accessing the Learning Packages your child *may* complete the booklet that has been sent home with this letter. Please contact your child's teacher if you need support.

**Please note:** Work does not need to be returned to school for marking.

Our suggestion to all parents is that you keep this information in a safe place so that you can refer to it, if and when required.

Kind Regards

Mrs Williams  
Deputy Principal

Mrs Benson  
Principal
